

How to set up user rights during registration

- Visit www.b2bendix.com and sign into the customer administrator account. You can see all the new registration requests by users
- Under **My Company Account > Users > Company Users** – the Customer Admin looks at the users to be reviewed and clicks on each name to edit their status or information
- Customer Admin checks whether the 'Linked Customer ID...' is linked to the correct customer ID & associated addresses / delivery locations
- Administrator can delete the user or lock their account. Locked accounts can be unlocked in the future
- Admins can 'Approve' or 'Decline' the registration request
- Admins can Set User Rights and choose the particular:
